Welcome and Introductions: (Tony/Sara, All – 10 minutes) Tony and Sara will welcome, and we’ll have introductions.

Background and Resuming WIDS: (Tony/Sara – 5 minutes) Tony and Sara will talk about the need to resume WIDS, what its purpose is, and what is on the horizon for this technical subcommittee of the WSWC.

WSWC’s Water Data Exchange Program Status: (Sara – 15 min) Sara will provide an overview of the WaDE program and status, go over recent developments, funding opportunities/challenges, and request feedback and priorities for next steps.

Assessment of Cloud Computing Use by States: (All – 15 min) A funding opportunity was presented by NASA that had co-benefits to WaDE work. Sara will go over a draft survey that assesses cloud computing use by states, that will be delivered to WSWC members in the fall.

Water Information Management System (WIMS) Symposium: (All – 15 min) The group will go over potential agenda items for a WIMS Symposium (proposed for winter 2017-2018), and provide suggestions for additional WIMS Symposium topics.
